

Dear parents,  
Welcome and congratulations on choosing to enroll your children at LIFT!

We, Superkid 超悅小子, share a lot in common with LIFT when it comes to the vision, values and ambition for the education of our children. It is therefore a pleasure and an honor to have partnered with them to propose this innovative and unique extracurricular activity program for your children.

This page explains everything about the program, its organization, etc. You can also read this information online if you prefer: <https://www.superkid.tw/awesome-year-2022-2023-at-the-lift>

Our team of guides is used to bring kids around the city to enjoy activities which are both fun and educational. But for this semester-long or year-long program we decided to be even more ambitious and choose to work on some important themes, hoping to contribute to the development of some of your children's soft-skills over the course of the year.

The year will thus be divided into 4 sections where we learn to embrace diversity, grow in awareness, dare to explore and live in community. We searched for the best activities to do within these themes (and within the constraints that we had) to build the program. There is a range of different activities (culture & art, sport, games, visits, etc.) but every experience will help the children one way or another to gain understanding of the theme.

We shall only present things from a general point of view, neutrally, for the sake of discovery and awareness. In particular, for activities related to religion in the theme of Diversity&Respect, we shall not direct the children into the details of beliefs and strictly respect the principle of a secular education. Also, the program is designed in hopes that they learn more about the local culture as we believe that being in an international school should not prevent them from understanding and connecting with the society they live in.

In the end, we believe we have come up with an exciting program of safe, fun and educational activities, all serving a greater purpose. We can't wait to get started and have our professional guides bring your child out of campus every Wednesdays to experience them all!

## DETAILED PROGRAM

### Registrations open per semester:

**1<sup>st</sup> semester:** week 1 to week 18 (18 weeks)

**2<sup>nd</sup> semester:** week 19 to week 36 (18 weeks)

- Registrations are open to **children of all levels CP to CM2**.
- We offer **3 distinct groups in parallel: 1 conducted in French, 1 in English and 1 in Mandarin**. Themes and activities are the same for each group. But, unless specified otherwise, the 3 groups are not doing the activities at the same time (see calendar below). You can choose in which group you want to register your kid. But note that these are not language classes, so please register your child in a group for which he/she is at ease with the language so that he/she can make the most of the activities!
- The size of **each group is minimum 3 and maximum 6 kids**. So this program accepts a maximum of 18 kids. We advise to register your children early to secure your spot(s) before it's too late.

## Four themes:

<p>1<sup>st</sup> semester (3 groups of 6 kids maximum each)</p>	<p><b>Theme 1: Diversity &amp; Respect (realize that diversity is everywhere and needs to be respected &amp; cherished)</b> → Weeks 1 to 8 (8 weeks) so until Autumn break</p> <p><b>Theme 2: Awareness (become more aware of the world and society you live in)</b> → Weeks 9 to 18 (10 weeks) so until Chinese New year</p>
<p>2<sup>nd</sup> semester (3 groups of 6 kids maximum each)</p>	<p><b>Theme 3: Exploration (dare, search and push the boundaries of your world)</b> → Weeks 19 to 26 (8 weeks) so until Spring break</p> <p><b>Theme 4: Community &amp; Friendship (learn to live with others and realize that together we are stronger)</b> → Weeks 27 to 36 (10 weeks) so until Summer break</p>

## The main activities for each theme:

### THEME 1: DIVERSITY & RESPECT

### THEME 4: COMMUNITY & FRIENDSHIP

- 1: **Treasure-hunt** where they have to team-up and help each-other to succeed.
- 2: **Games and challenges**, in Daan Forest Park or on campus, where they will realize they better team-up and help each-other to get the most rewards. **[All 3 groups together]**
- 3: **Make “Thank You” cards and go hand-them-out to people in public service** (police officers, garbage collectors, MRT workers, libraries, etc.)
- 4: Help an association in their efforts to **redistribute to those in need**.
- 5: An activity linked to **physical disability** and talk about what is an **inclusive society**.
- 6: **Visit of a retirement house** to play games, sing songs or do some art with senior citizens.
- 7: Cooperate to eventually get out of the fun **Escape-Room game** we will go to.
- 8: Choose a rainy Wednesday to go play **Board Games in a Cafe in a friendly atmosphere**. We will favor teamwork and make good memories.
- 9: **Indoor rock-climbing**. Encouragement from their peers will motivate kids make it to the top!
- 10: **Ninja factory**. Bonus activity. Outside the theme but definitely a great activity kids will love to finish the year! **[All 3 groups together]**

Disclaimer: We will try our best to do all of these activities; but since some of them depend on third-parties and/or on the success of ongoing or new partnerships, we cannot guarantee to be able to realize all of them. Should an activity not be able to go forward we will replace it with another one, trying our best to preserve the theme and quality of the program.

## Calendar of the activities:

This is a tentative calendar only. In case of bad weather we might switch the dates of outdoor activities with the dates of indoor ones.

### Unfolding of each week's activity:

- Introduction to our theme and Rules&Safety (→ only the first week of each new theme)
- Reminder of Rules&Safety
- "Conglom" (daily discussions and team-building activities to meet the physical, social and emotional needs of students.)
- Transportation
- Activity itself!
- Snacks
- Debrief
- Transportation to drop-off point(s)

## Notes on groups & logistics:

Each group will be led by 1 guide.

The guide will use only French, English, or Chinese depending on the group. However, all our guides can speak at least both English and Chinese and will of course switch language if there is a need for the safety or comfort of the kids.

In order to allow the kids to build a stronger connection with the guide they will have throughout the semester, we plan to limit the changes in personnel and allocate maximum 2 guides to each group for the entire duration of the semester. But kindly note that, despite our efforts, we might have to change the guide on some dates in case of human resource shortage. In all cases rest assured that the guide will be one of our professional team at Superkid 超悅小子 and up to the standard that you can expect.

In terms of logistics, the guide will pick-up his/her group of kids at LIFT campus at 13:30 and arrange the activity times so that they finish around 16:45.

One, or a couple of, drop-off locations and times will be decided together with the families who registered, according to their preferences. You will not have to go to the LIFT to pick-up your child. We will most likely be able to propose you more convenient pick-up locations.

*For example, a pick-up location at Yuanshan at 16:45.*

*Or two pick-up locations, a first place at 16:30 in the city center along the red line like Daan or Dongmen, then a second place at 17:00 further north on the red line at Zhishan station, for parents in Shilin/Tianmu.*

## **About Superkid 超悅小子:**

### **THE SERVICE**

In a nutshell, we are a multicultural team providing services to families based in the Greater Taipei area. Our main service is a personalized child accompaniment service. It is a door-to-door service to take the children of our clients (usually one family, sometimes 2 or 3 who come together) to go out do activities. This service is practical for parents who are very busy but do not want to put their children in cram schools 7 days a week. Or for parents who do not have the necessary family support to ask for help when an emergency calls, or simply the desire to do something on their own.

In addition, we propose activities that seek to build up children. In particular, there is a lot of work to be done on "soft-skills". Many values, which we consider key to building the citizens of tomorrow, such as curiosity and awareness, are too little present in local traditional education. Some parents, while they may have the time to take care of their children, seek our services specifically for this reason.

Finally, thanks to our multilingual and multicultural team, we let the parents choose the language used during the service (today 5 languages are available including French, English and of course Mandarin). This is a huge added value and, in fact, a good part of our clientele comes to allow their children to practice languages in a natural context, outside the classrooms and expose their kids to other cultures.

We have about half of our business volume on "recurring" services where some of our guides take care of a family's children each week on set time slots, picking them up from school and play with them, can help with homework etc.

### **THE COMPANY**

We are a young and small company. However, we are building solid and after less than 2 years of existence and despite covid we are proud to have:

- an officially registered company, 至岳有限公司 (Superkid being our brand and not the official name of the company) registration number 83592326
- checked the legal feasibility with several lawyers (we offer a service that is new in Taiwan and wanted to check not to depend on existing legal frameworks, and the rules that derive from them, such as 補習班, 保姆, etc.)
- an insurer, Fubon, which trusts us and insures our activities despite the new type of our business
- reached financial equilibrium at the end of last year
- in the startup ecosystem, the support of private (such as Launchpad iiiNNO) and public (such as the SMEA incubator 深耕創業 which has chosen to highlight Superkid <https://reurl.cc/Dd61zd>) stakeholders

### **THE TEAM & SAFETY**

You may have questions about our team and the security of our service.

About our team you will find a brief presentation of each of our guides on this page:

<https://www.superkid.tw/en/about-us>

We can provide the IDs and some background-check documents like criminal records etc of each of our

guides on-demand. You are also welcome to get in touch to get to know us more. We can even plan to meet beforehand if you wish so. It is important that everything is clear with our guides as they will have the final responsibility of your child.

As for safety we take this responsibility extremely seriously and, rather than long speeches, we have listed all the actions that we are concretely putting in place to have the safest possible service, at all levels. Please see: <https://www.superkid.tw/en/safety>
